”...to integrate the principles, values and practices of sustainable development into all aspects of education and learning.”

# för UNESCO World Conference on ES

# GAP on ESD

The Global Action Programme (GAP) on ESD seeks to generate and scale-up ESD action. It is intended to make a substantial contribution to the post-2015 agenda.

**The overall goal of the GAP is to generate and scale up action** in all levels and areas of education and learning to accelerate progress towards sustainable development.

## TVÅ SYFTEN

- To reorient education and learning so that everyone has the opportunity to acquire the knowledge, skills, values and attitudes that empower them to contribute to sustainable development – and make a difference
- To strengthen education and learning in all agendas, programs and activities that promote sustainable development

# GAP on ESD

## FEM PRIORITERADE OMRÅDEN

- Advancing policy
- Integrating sustainability practices into education and training environments (whole-institution approaches)
- Increasing the capacity of educators and trainers
- Empowering and mobilizing youth
- Encouraging local communities and municipal authorities to develop community-based ESD programmes
